

CUBS BOW TO LINTON SQUAD FRIDAY NIGHT

LOCAL GRIDDERS DEFEATED 19 TO 13 IN CONFERENCE TILT HERE

A recovered kickoff, deep in Greencastle territory in the fourth quarter, paved the way for Linton's eventual 19 to 13 victory over the Tiger Cubs Friday night on the local athletic field. A large crowd witnessed the high school gridiron encounter which was a fairly even contest.

After a scoreless first quarter the visitors hit paydirt in the second period when Fullback Larry McKin bulled across the goal line from the seven yard stripe. An attempted place kick was blocked but Greencastle was off sides and this gave Linton another chance for an extra point. Bob Blackburn ran with the ball and it was 7 to 0, and that was the count at the half.

Coach Al Nowak's squad came back in the third frame, taking the Linton kickoff on their own 37 and marching down field to the visitors' 15. Bill Fobes passed to Bucky Patterson and it was a first down for the locals on the 3. Gilbert Brown slanted off right tackle for the t. d. Bob Bridges, sidelined with a rib injury, went in and booted the pigskin squarely between the uprights for the additional point and it was 7-7.

In the fourth quarter, Linton advanced to the Greencastle 9 on a forward pass play. Halfback Steve Hastings skirted his own right end to scamper over the goal. The try for the extra point failed.

Then came the break for Linton. The Cubs let the kickoff get away from them and the visitors recovered on the Greencastle 23. Two plays later, Halfback Gene Martin went around his left end for the t. d. This gave Linton a 19 to 7 advantage.

The Cubs fought back, however, and with the ball on their own 25, Fobes heaved a beautiful shot to End John Ray and he rambled to the Linton 6 before being downed. The play covered 69 yards from the line of scrimmage. The Cubs got to the Linton 2 and Fobes then plunged across. Bridges' attempted kick was blocked and the score was 19 to 13.

A short time later, with two minutes remaining, the Cubs got possession of the ball and took to the air. They kept Linton's players and fans in hot water with a series of passes which unfortunately failed to materialize in a touchdown and the visiting aggregation was the winner of a Western Indiana Conference battle by a 19 to 13 decision.

Between halves, Miss Anita Hurst was crowned Greencastle's 1956 Football Queen by vote of the student body. Her court consisted of the three other candidates, Janet Hess, Lettie Lowdermilk and Lynn Lewis. The coronation ceremony was in charge of Ronnie Monnett and Bill Fobes, co-captains of the Tiger Cub squad.

NEW ARMS PROGRAM

WASHINGTON (UP) — The United States is working on a new disarmament program designed to break Russia's strategy of using only "paper agreements" to curb troops and weapons.

Administration officials expressed hope today that the plan would be ready this fall for presentation in the United Nations, probably before the U. N. Disarmament Commission.

IN THE GOOD OLD DAYS

TEN O'CLOCK LINE — (Last week we related an account from the New York Times on the history of the Ten O'Clock Line, and a report on the erection of the 14 ton marker of Indiana limestone near Gosport to commemorate this historic boundary. Today we are quoting from the "Historical Atlas of Putnam County, Indiana" written by Prof. Gillum Ridpath in 1879 and owned by Francis Hamilton of Greencastle.—"But few persons are fully conscious of the rapid strides which civilization makes in a new country. It is wonderful how rapidly history is made by newly organized society, and it is a matter of astonishment how soon a desolate wilderness may be changed into abodes of civilized men, where plenty and happiness abound. There are men still living who were among the bold pioneers that pushed their way into the trackless forest which originally covered the soil of Putnam County and the times are scarcely historic when the Red men chased the buffalo unscared by the ring of the woodman's ax, through the forests of Central and Western Indiana. —The boundary lines which were established by the treaty of Greenville in 1795 between the lands of the United States and those of the Indian tribes, gave to the Red men all the territory within Indiana, with the exception of a few small tracts lying along the borders of the State. —From the beginning of his administration, Governor Harrison pursued a policy toward the various Indian tribes, well calculated to promote peace and harmony. He was invested by the General Government with powers authorizing him to negotiate treaties between the United States and the several tribes within the territory under his jurisdiction. By an active exercise of these powers, between the beginning of the year 1802 and the end of the year 1805, he concluded no less than eight treaties of cession by which the United States came into possession of about forty-six thousand square miles of territory, and the Indians relinquished all claims to lands lying on the borders of the Ohio River, from the mouth of the Wabash to the eastern boundary of the State. He continued his efforts, and at Fort Wayne, on the 3rd of September, 1809, concluded a treaty with the Delaware, Pottawatomie, Miami and Eel River tribes, by which treaty, the Indians sold to the United States about two million, nine hundred thousand acres of land, lying on the southwest side of a line drawn from the Wabash River at the mouth of Raccoon Creek, in a southeasterly direction. —Here we first touch the soil of Putnam County. The line of the Fort Wayne treaty of 1809 cuts the west line of the county five and five-eighths miles north of the southwest corner, and the south line seven and seven-eighths miles east of the same point. The geographies published soon after the date of the Fort Wayne treaty, described the country to the northward of this line as 'unexplored regions.' On the 6th day of October, 1818, Jonathan Jennings, then governor of the State, Lewis Cass, and Benjamin Parke, Commissioners of the United States, concluded a treaty with the Miami at the town of St. Mary's in the State of Ohio. By this treaty, the Miami ceded to the United States all their right and title to lands east and south of the Wabash, with the exception of a few small reservations. At the same convention treaties of similar character were concluded with the Wea, Pottawatomie and Delaware tribes. Thus, by the two treaties

RUSS PREMIER PROPOSES NEW TALKS ON ARMS

BULGANIN SENT ANOTHER LETTER TO EISENHOWER THIS WEEK

MOSCOW (UP) — Premier N. A. Bulganin proposed new East-West talks on disarmament in the letter he sent President Eisenhower this week. It was announced tonight.

It was not immediately clear whether the Soviet premier was urging new Big Four talks or negotiations between the United States and Russia alone.

His letter repeated Russia's rejection of President Eisenhower's "open sky" plan and expressed regret that the United States had not matched the reduction of armed forces recently announced by Russia.

He also noted the failure of various United Nations groups to reach any agreement on disarmament.

"Considering that the work of the U. N. Disarmament Commission and its subcommittee did not produce any positive results, we should try to find a way out of the deadlock and to carry on talks on disarmament," Bulganin said.

He proposed as subjects for new talks "concrete questions pertaining to the reduction of armaments, in particular to the reduction of the numerical strength of the armed forces of the great powers, and also steps for the banning of atomic weapons."

The Soviet premier recalled the recent announcement that Russia is reducing its armed strength by more than 1,800,000 men, and said he had been "forced regretfully to conclude" that the idea did not meet with U.S. approval.

He said a troop reduction by the United States and other major powers "would be of great significance for the strengthening of international confidence" and an important step toward ending the international arms race and ending the threat of atomic war.

Two Boys Fly Stolen Plane

MASTIC, N. Y. (UP) — A 13-year-old boy, who read a book on how to fly an airplane, and his 7-year-old "co-pilot" stole a small plane Thursday night, flew around for one hour and landed safely right back where they started, police reported today.

They were formally charged with stealing the plane by amazed police who had gone to the field to find out who was doing all that fancy flying to close to the ground.

Eddie Gates, 13, said he was sure he had it all down pat from the book-the title was not disclosed. He and Roy Brosseau, aged 7, sneaked into the Mastic air strip, they confessed, and found the two-seater monoplane ready to go with the key in the ignition.

Nudists Appeal Verdict Of Jury

BATTLE CREEK, Mich. (UP) — Four nudists were free on \$1,000 bond each today pending an appeal on their conviction Friday of indecent exposure at the Sunshine Gardens Nudist Camp. Convicted were Marvin Weissenborn, 51, Clio, Mich.; Earl Hildarbride, 62, Lansing, Mich.; and Harold Carter, 42, and his wife, Ruth, 37, both of Toledo, Ohio.

A jury found them guilty after deliberating only an hour and 27 minutes. Circuit Court Judge Blaine W. Hatch placed the four on two years probation, with an order to serve the first 30 days in county jail, and fined them \$250 each plus \$100 costs.

NOT RELATED

INDIANAPOLIS, (UP) — J. Edgar Hoover was given a suspended 10-day sentence and fined \$67 for drunkenness, reckless driving and profanity. Hoover, 35, is not related to the FBI chief.

IKE NOT TO VISIT US

There has been some talk that President Eisenhower would visit the Farm Progress show here next week, but this idea has been squelched, as he will make a farm speech at Peoria, Ill., on September 25, it is announced in Washington. One report last week said he would visit the Farm Progress show here, but no credence was ever put in the rumor.

Accident Occurs At Bainbridge

Dolby Collings suffered a leg injury in a two-car accident at the east edge of Bainbridge Friday afternoon. It was reported that Mr. Collings was going west, returning to his home in Bainbridge after a trip to Indianapolis.

The other automobile involved was going east and a woman in this car received a hip injury.

State Trooper Keith Young, of the Putnamville Post, investigated the accident but no official report had been filed Saturday morning.

Capehart, Handley To Attend Show

Senator Homer E. Capehart will be at the Prairie Farmer Farm Progress show north of Greencastle on September 27 and Harold Handley, candidate for governor will attend the Farm Progress show on September 28, it was announced today by Gilbert E. Ogles, Republican County Chairman.

Mr. Capehart will be the speaker at a Republican meeting in the court house on the evening of Thursday, September 27.

Woman Kidnaped, Left On Desert

SAN DIEGO, Calif. (UP) — Local authorities said today Mrs. Evelyn Latham, 51, wife of a wealthy investment broker, has identified one of the two women who she said kidnaped her from her son's home and left her semiconscious on a desert highway.

Mrs. Latham was found Friday in a dazed condition about 20 miles west of El Centro. She was taken to El Centro Hospital and treated for exposure to heat of more than 110 degrees during the 24 hours she spent on the desert. The victim told police she was kidnaped Wednesday night by two women. She said they drove her into desolate desert area, stripped off her clothes and buried her under a pile of rocks before fleeing.

Shortly after Mrs. Latham was discovered by a motorist, Mrs. Beatrice Winn, 57, and Mrs. Lucille M. Whisenand, 36, were booked here on suspicion of kidnapping and attempted murder.

CARKEEK WILL GIVE RECITAL NEXT WEEK

Organist Arthur Carkeek of DePauw University will present a recital at 8:15 p. m. Wednesday, Sept. 19, in Gobin Memorial Church.

Assistant professor of organ and theory, Carkeek is a member of the American Guild of Organists and has been a member of DePauw's music faculty since 1950.

His program Wednesday will include Bach's Passacaglia and Fugue in C Minor, two sketches by Schumann, Fantasy in F Minor by Mozart, and Dupre's Prelude and Fugue in G Minor.

Other works will be Grand Jeu by DuMaze, Daquin's Le Coucou, Soeur Monique by Couperin, two chorale preludes by Brahms, Rhythmic Trumpet, and Meritization on "There Is a Green Hill" by Sowerby.

Egypt Operates Vital Suez Canal

LONDON (UP) — The first all-Egyptian pilot convoys began moving through the Suez Canal today in a major test of Egyptian nationalization of the waterway. British shipping circles predicted utter chaos would result.

World attention was focused more on the canal itself than on world-wide diplomatic efforts by the West to set up a "users association" to move its own ships through the canal. Secretary of State John Foster Dulles was flying to London Monday for 18-nation talks on the proposal.

About 25 Russian pilots were reported in Egypt to help as pilots and technicians, but today's effort was almost all-Egyptian with the aid of a handful of Greek and other Europeans. Most of the European pilots walked off their jobs shortly before midnight.

One of today's convoys was of record size—30 ships. It was moving northward from Suez. A second convoy of 13 ships moved out of Port Said southward while dozens of other ships were stacked up at each end of the canal awaiting transit.

Fifty ships steamed through the canal Friday, an all-time high, and an official Egyptian source accused Britain and France of deliberately increasing the number of ships to make it more difficult for Egypt to maintain canal navigation.

POLICE HUNT RADIUM

WEST PALM BEACH, Fla. (UP) — Police teams using Geiger counters concentrated their search for a missing lead box of radium on scrap and dump heaps today in hopes the thief disposed of it before becoming a victim of deadly radiation.

Police Capt. John L. Alge said he had given the search top priority. The 100 milligrams of radium, valued at \$4,000, was taken from Good Samaritan Hospital Thursday, apparently by a thief who did not realize he had grabbed the means of his own self destruction.

PURDUE HOST FOR VISIT BY SECY. BENSON

DOORS POLITICAL COAT DURING TOUR OF STATE UNIVERSITY

LAFAYETTE, Ind., (UP) — Agriculture Secretary Ezra Taft Benson doffed his Republican political campaign cloak today to review for Hoosier hog farmers the accomplishments of agricultural research during the administrations of President Eisenhower and two Democratic predecessors.

Speaking before farmers gathered for an annual Hoosier Swine Day at Purdue University, Benson chose "Agriculture Science—Frontier Without Limit" as his subject.

University officials expected a crowd of 3,000 to 5,000 persons to attend the Swine Day program.

Benson made little reference to party politics or the farm program issues due to highlight the November election campaign. However, early in his prepared speech he mentioned it.

"This is open season in our political hunting woods," Benson said. "Shot upon shot is being fired so many different directions it is small wonder people become confused."

"Charges are made without foundation, constructive programs are smeared with innuendo, promises are made which defy performance."

"Some people are advancing quick remedies which have been tested time and again and found wanting in the infallible crucible of experience. I do not believe that agriculture is for sale to the highest bidder. Farmers must not be sacrificed on the political auction block. Agriculture is neither Republican nor Democrat."

He said America's economy is due to "the most efficient, dynamic, and prosperous agriculture of Mrs. Edith Holbert."

He went back to 1933 the year Franklin D. Roosevelt was inaugurated, to recount the accomplishments of agricultural research. But he said "agricultural research and extension work have received record financial support during the Eisenhower administration."

Rainfall Totalled 1.28 Inches Today

The Government rain gauge at the home of Grafton Longden, Jr., registered 1.28 inches of rainfall early Saturday, while The Daily Banner gauge registered only 1.05 inches.

Indianapolis had 1.17 inches and Bowling Green in Clay County which seemed to have the heaviest rainfall registered 1.85 inches. The rain in this county was general and will do lots of good for the ground which was getting quite dry.

State Farmers Aided By Banks

Indiana farmers met their credit needs during 1955 chiefly through loans from their local banks, according to J. B. Crosby, president of the First Citizens Bank who represents the Indiana Bankers Association as Putnam County Agricultural Key Banker. During the year, the state's banks provided for more financial aid to farmers than any other lending agency, he pointed out.

Using figures from the fifteenth annual farm lending survey of the American Bankers Association, Mr. Crosby noted that on the Agricultural Credit Commission of January 1, 1956, Indiana banks had loans outstanding to farmers totaling \$159,303,000 including both production and mortgage credit. This compares with \$109,224,000 held by insurance companies, second largest lender to Indiana farmers; \$38,774,000 held by Federal Land Banks; \$31,453,000 by Production Credit Association; and \$13,250,000 by the Farmers Home Administration.

The total of farm credit outstanding in banks was made up of \$99,463,000 in production loans and \$59,840,000 in farm mortgages. In addition, banks in Indiana held \$21,913,000 in C.C.C. paper not included in the above total.

Knowland Raps Adlai's Speech

WASHINGTON (UP) — Sen. William E. Knowland has accused Adlai Stevenson of being "a little irresponsible" and making "many misstatements" in his kick-off campaign speech at Harrisburg, Pa., Thursday night.

Knowland made the statement to reporters at the White House following a 40-minute campaign strategy meeting Friday with President Eisenhower.

The California senator said Stevenson's attacks on administration foreign policy and other issues "seems a little irresponsible." He particularly cited the Democratic presidential candidate's earlier statements on ending the draft and halting H-bomb tests.

Presidential News Secretary James C. Hagerty also took a verbal slap at the retort half of the Laurel and Hardy comedy team, was in critical condition today at St. Joseph's Hospital.

The 64-year old movie veteran suffered a stroke Friday and was rushed to the hospital in nearby Burbank.

O'KEEFE NAMES 'BRAINS' BEHIND BRINK'S HOLDUP

CONFESED BANDIT NAMES JOSEPH MCGINNIS FROM WITNESS STAND

BOSTON (UP) — Joseph (Specs) O'Keefe, confessed Brink's bandit who escaped a machine gun murder attempt, named defendant Joseph McGinnis Friday as the "brains" behind the \$1,218,211 looting of Brink's Inc. six years ago.

McGinnis, like the seven other defendants accused of the Jan. 17, 1950 holdup, the nation's largest cash robbery, started sullenly as O'Keefe turned to face them from the witness stand.

O'Keefe said the robbery conspiracy began in 1947 when defendant Anthony Pino asked "if I'd be interested in getting in a holdup bigger than the Sturtevant job."

This was in reference to the \$107,000 holdup of the Sturtevant Mill in Boston's Hyde Park section a few months earlier.

"Pino told us there would be a 'Mr. X' brought in to plan the robbery. All of us objected," O'Keefe said. "We told him we didn't want any part of a 'Mr. X.'"

O'Keefe said that same night Pino brought in McGinnis.

O'Keefe said that McGinnis joined the gang in 1949 after they abandoned plans to hold up Brink's at the old Federal Street building.

The witness, whose criminal record dates back 20 years and included 70 arrests, described dozens of nighttime visits to the Brink's counting house in the months before the gang set out for the holdup.

Marine Recruit Accuses Corporal

PARRIS ISLAND, S. C. (UP) — Officials at this sprawling Marine Corps boot camp today investigated charges that a supply-room corporal slugged a young recruit just receiving his first field pack because he didn't "have sense enough to say 'sir.'"

Pvt. Donald Hamisfar, 20 of Norwalk, Ohio, Friday night told United Press in an exclusive interview that the non-commissioned officer, who has not been identified, "hit me in the ribs, just above the stomach."

Navy doctors said they found a bruised spot on Hamisfar's abdomen when they operated on him Aug. 28 for groin hernia. The doctors said the hernia, which was congenital in origin, could have been aggravated by the blow.

The young recruit said that the incident happened only two days after he had enlisted.

Noted Comedian Suffers Stroke

Mrs. Verner Houck Hostess To Club

The Four Leaf Clover Home Demonstration Club met at the home of Mrs. Verner Houck on Tuesday, Sept. 11th. The president, Mrs. Harvey Cox, opened the meeting with the flag salute followed by the club creed repeated in unison.

The history of the song of the month was read by Mrs. Florence Sillery. A report of the county council meeting was given in detail by Mrs. Chester Cooper and a discussion followed. The secretary, Mrs. Lloyd Houck, reported eight members and their families attended the annual picnic in August at Robe-Ann Park.
The safety lesson of "Farm Water Supply, Friends or Enemy" was presented by Mrs. Chester Cooper. The lesson on rearranging furniture was given by Mrs. Josef Sharp assisted by Mrs. William McElroy. Eleven members and two guests answered roll call.
During the social hour the hostess served refreshments before adjournment.

Annual Reunion Held September 9

The 22nd annual reunion of No. 10 school, Washington township, was held Sunday, September 9th, in the basement of the Crocy Creek Church.
At noon a delicious basket dinner was enjoyed by a number of former teachers, pupils and friends.
During the afternoon an interesting program was presented, opening with the group singing "America the Beautiful." Prayer was offered by Rev. Simpson, of the Crocy Creek Church. The president, Mrs. Earl Moore, appointed Carrie Foreman, Hershel McCullough and Roy Ozment as a nominating committee. Officers elected to serve for the next year as follows: Roy Ozment, president; Herschel McCullough, vice president; secretary-treasurer, Carolyn Ozment.
Paul Pickett gave two of his own poems, a letter from Johnnie Simpson was read. He moved from here 58 years ago and is living in Illinois.
The 1957 reunion will be held the second Sunday in September with Oral McCullough and Harry Neir in charge of the program.

Mr. Kurtz, city school superintendent, spoke briefly about the importance of parents and teachers working closely together if the best interest of the children is to be achieved.
At the close of the meeting there was a social hour in charge of the officers and committee chairmen.

MOTORISTS PICKED UP BY USE OF PLANES

INDIANAPOLIS, (UP)—Indiana State Police Supt. Frank A. Jessup disclosed today that troopers have arrested several hundred drivers for law violations observed from patrol planes soaring over Hoosier highways.
Jessup said 196 were arrested between Aug. 9 and Friday. The system was operated for about a month previous to Aug. 8, but during that period no records were kept on the net results of the experiment in traffic safety.
Most offenders were caught on dangerous portions of U. S. 31 between Indianapolis and Columbus, and U. S. 52 between Indianapolis and Lafayette—at least on portions of those highways where a high accident rate occurred on a long-term basis.
Flying troopers clock the speeders by stop watch as motorists race across white strips set one-sixtieth of a mile apart. Then they radio to patrol cars nearby a description of the violator's car.

State Reports Heavy Rainfall

By United Press
The heaviest rain in weeks swept across south and central portions of Indiana late Friday and today, dumping up to nearly three inches on at least one community.

The heavy showers, apparently catching the weatherman by surprise although he predicted scattered rains, generally came in thunderstorms stretching from the Ohio River to north of Indianapolis.
Temperatures tumbled in the wake of the storms.
Seymour recorded 2.90 inches of precipitation during the 24 hours up to 7:30 a. m. today. Scottsburg had 2.08, Columbus 1.91, Martinsville and Bloomington 1.70, Vincennes 1.64, Terre Haute 1.40, Knightstown 1.43; Bedford and Greencastle more than an inch, and Shelbyville, Danville and Evansville nearly an inch.
Indianapolis received barely three-fourths of an inch, Crawfordsville .56, Lafayette .15 and Fort Wayne and South Bend just enough to measure.
The mercury plunged to 47 at South Bend, 54 at Fort Wayne and Lafayette, and 56 at Indianapolis early this morning. The low at Evansville was a rather warm 65.
Cooler Canadian air began infiltrating Hoosierland Friday. It blanketed the north portion, holding high temperatures to 72 at South Bend, 74 at Lafayette and 76 at Fort Wayne.

GOP Truth Team To Start Tour

WASHINGTON (UP)—Five Republican campaign orators, including the GOP "truth squad" leave here Tuesday after a send-off breakfast with President Eisenhower.

The Republican National Committee billed the exodus as "the most intensive prop-top tour in American political history."
Five planes, one carrying Vice President Richard M. Nixon for a 32-state swing, will leave National Airport shortly after the Republican campaigners breakfast with Mr. Eisenhower.
Besides Nixon, those hitting the campaign trail are Interior Secretary Fred Seaton and the GOP "truth squad"—Senate Republican leader William F. Knowland Calif., and Reps. Joseph W. Martin Jr. Mass., and Charles A. Halleck, Ind.
Sen. Styles Bridges R-NH will leave at a later date. The "truth squad" has been given the job of following Democratic speakers into various areas and answering their charges.

UN Truce Team Reports On Raid

JERUSALEM Israeli Sector (UP)—United Nations truce investigators reported today that an Israel force of "battalion strength"—1,000 men—was involved in the raid Thursday night which wiped out Jordan's Arab Legion post at Ghardandel.
U. N. spokesman Albert Grand said the on-the-spot report by the U. N. truce team was immediately radioed to U. N. Secretary General Dag Hammarskjold in New York.
Grand said the truce team learned that Jordan suffered 10 dead and four wounded in the attack. Earlier Jordanian reports estimated the toll at about 40.

Railroads Face Union Disputes

CHICAGO (UP)—Negotiations between the nation's railroads and the 50,000-man Brotherhood of Locomotive Firemen and Enginemen collapsed Friday in the face of a union fringe benefit demand.
The breakdown was the latest in a series of events concerning the railroads.
At Philadelphia a threatened strike against the Pennsylvania Railroad was averted at the last minute by a management agreement to turn over the issue of job classifications to a mediation group.
In another rail dispute 11 unions demanded that the Chicago and North Western give severance payments under threat of a strike.
The payments would equal the

wages earned by a worker during his service with the company.
Union officials said the demand is their answer to drastic reorganization of the railroad and its subsidiary, the Chicago, St. Paul and Minneapolis and Omaha Railroad.
The union charged the railroad with "ruthless" layoffs since last April when Ben. W. Heineman became chairman of the C&NW board of directors.

World Of Religion

The 1956 "ashram" of the Lutheran Student Association of America brought some 400 college students and campus leaders of the denomination to the grounds of Gettysburg College, Pa., this summer. Church and political leaders addressed and counseled the students on "citizenship" and "social and political orders," and sought "to define the responsibilities of a Christian in society." They used as their theme the phrase from Lincoln's address at Gettysburg, "This nation under God."

A young leader of the Future Farmers of America, who has also had three years of rural-agricultural project under UNESCO's five-point program in Mysore State, India, has been named a career agricultural missionary by the American Board of Commissioners for Foreign Mission (Congregational Christian Churches). "Dick" Vern Fagan, of Glasgow, Montana, has been named to work with the rural people in the agriculturally-rich island of Mindanao, in the Philippines. Within recent years, homesteaders have been pouring into this island by the thousands—and Mr. Fagan will give them both scientific and Christian leadership. He is a graduate of Montana State College, majoring in agriculture.

The United Church of North India has sent to Nairobi, Africa, its first foreign missionaries, the Rev. and Mrs. Din Dayal. When Mr. Dayal visited the Kolarpur area just before leaving for Africa, the small children of Nipani Sunday School opened for him their "world bank," well-filled with annas and pice, and gave him the contents to help him in his work overseas. Their gift was equivalent to \$3.50.

Thomas and Richard Johnson of Owatonna, Minn., are identical twins. Both are graduates in industrial engineering of the University of Minnesota and both are headed for Southeast Asia as Methodist missionaries. They are believed to be the first twins to volunteer to go out as missionaries under the Methodist Church. The Johnson twins, both of whom were track letter-

men at Minnesota, are soon to go as missionaries for three years each—Tom to Sumatra and Dick to Malaya. Both will teach in mission schools, primarily industrial trades and technical subjects. Of their joint decision to go as missionaries in face of more lucrative offers in the engineering field, they said: "Our purpose is from a sense of obligation to our church. This is the way we can give our lives for three years in a place where our talents and education can be used to serve." Tom and Dick were born in Alexandria, Minn., but spent most of their early life in Owatonna, having attended elementary and high school there. They were students two years at Macalester College, St. Paul, and then transferred to the university. Both were graduated last spring.

"The building of a responsible international society," says a statement of the World Council of Churches to member churches, "means building a society where all men can act in freedom with consideration for the needs and rights of others and where the several members have regard for the well-being of one another and for the whole family of men. Such a society will recognize its allegiance to God who is the sovereign ruler of the nations. As followers of the one who loved all men and bore the burden of their sin and suffering, we cannot be indifferent to man's peril. A great gift separates rich and poor on an international scale. In this the churches cannot acquiesce. They must strive with all their power to bridge this gulf. Therefore the processes of economic growth must be understood and aided in order that the rapid social change may be so guided as to advance the interest of the peoples. Social justice must be pursued between the nations as well as within each nation. The churches in countries with more favorable economic and social conditions have a particular responsibility to express in deeds their commo- humanity with all poor, oppressed and suffering people and to urge their governments to base their policies upon recognition of the justice of this principle. When one nation dominates another politically or economically, the dependent or subject people is deprived of the possibility of developing a fully responsible society. Many dependent peoples are demanding self-government and independence for their countries. The churches within and without these lands must appreciate the urgency of this demand and must stand with the people in orderly progress toward these goals."

FATAL COLLISION

FOWLER, Ind. (UP)—An automobile and a truck collide in U. S. 52 at the edge of Fowler today, killing Willie B. James, 32, Indianapolis, and injuring his brother, Allen, 26.

State Police said Willie James was driving fast when he missed a curve and swerved into the path of a truck driven by Leon Halton, 43, Cloverdale. James was dead on arrival at St. Elizabeth Hospital at Lafayette, where his brother was taken with a leg fracture and other injuries.

The James brothers' home is at 3007 Graceland Ave.

Correct Opening Lead Defeats West's Contract

Mr. Dale's play at the first trick in today's deal was all-important. He made the right decision because of his knowledge of correct opening leads.

Against the four-heart contract Mr. Champion led the nine of spades. The deuce went on from dummy and it was up to the old master.

Now he knows that when leading a suit your partner has bid, you proceed as follows: In the rare case where your holding is headed by ace-king, lead the king. With any number of cards including the ace (but not the king), lead the ace.

OTHER COMBINATIONS

With any other combination of touching honors, lead the top honor. With no touching honors but a holding of four or more cards, lead the fourth highest. With the king or queen or jack accompanied by two smaller cards, lead the lowest card. With three or less worthless cards, lead the top one.

Applying this knowledge to the problem at hand, Mr. Dale knew his partner was leading the top card of a short spade holding (three cards or less). Therefore Mrs. Keen had to have at least two spades. There was no danger at all that she held a singleton king.

So he played the eight and the king won. However, there was no way for Mrs. Keen to avoid the loss of a spade, two diamonds and the ace of hearts.

If Mr. Dale had won the first trick with the ace of spades, Mrs. Keen would have been able to get rid of one of her diamond losers on dummy's queen of spades.

FAULTY THEORY

You may say Mr. Dale's play was elementary and automatic. But I have seen Mr. Muzzy go up with an ace prematurely in a situation like this. That is because he has his own private (and faulty) theory about leading a suit his partner has bid.

If he holds something like Q 9 8 2, he will lead the deuce, which is the proper lead. But from a worthless holding like 8 5 3 2, he is inclined to lead the eight, which is supposed to indicate that he doesn't want the suit returned.

Of course he is all wrong. Partner doesn't need any help in deciding whether to return his suit. It is much more important for him to know how many cards you have in his suit. So lead the lowest card from any worthless four-card holding in partner's bid suit—even the deuce from 5 4 3 2.

The church is open daily for prayer and meditation, and our pamphlet rack in the narthos contains much helpful material on the spiritual life. Every service in the church is for worship of Almighty God, and the Communion Service is for the central act of Christian worship since the institution of the Lord's Supper. Every Communion Service has its own Collect, Epistle, and Gospel, and is planned for a specific purpose; thus there is great variety in the services. Visitors are always welcome to worship God with us in any of our services and we are delighted to receive new children in our Sunday School.

"We know not how, nor when, nor where,
The Cord may sever be.
To free us from all earthly care
For God's eternity.
But when we think of love so great
It marks each sparrows fall,
We know not what the future
holds for us, of smiles or tears,
We only pray, God love enfolds
And hallows all our years;
That when our evening sun dips low,
To bring the summons, "Come"
Our memories sweet, lend sunset
glow along our Journey home." 15-1p

CARD OF THANKS
We wish to express our appreciation and sincere thanks to neighbors and friends for their kindness during the recent illness and death of our husband, father and grandfather.

POINT OF NO RETURN!

More intently than ever the pilot now watches his dials, cocking a sensitive ear to the motors' rhythm. He has reached the point of no return. He dare not turn back.

Years of research by scores of scientists have perfected his plane. Hours upon hours have been spent in readying it for the journey. If something goes wrong now, the pilot will know instinctively what to do, because of his long years of training.

Like the pilot, you try to prepare for emergencies. You realize that without training beforehand, it is impossible to meet a crisis wisely and adequately.

The spiritual knowledge you'll need for these times can be found in the Church. Through its guidance you will learn to meet everyday problems with serenity, and emergencies with confidence.

Begin right now to strengthen your spiritual reserves of courage, faith, and hope. TODAY is your point of no return.

**THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
